MEETING DATE: Board Workshop – August 18, 2022

Executive Summary

Work is proceeding on the development of a new Fire Station #16. A meeting is being scheduled to provide design and preliminary costs to the Village Board.

Discussion

On October 10, 2021, the Village Board approved an agreement with RC Wegman to begin the development of a replacement Fire Station #16 to be located at 2399 Schick Road. Work began and has proceeded through Schematic Design (SD) into Design Development (DD). The footprint, floorplans, and elevations have been completed.

Design Development is approaching completion. The exterior, interior layouts, room sizes, and materials have been completed. HVAC, plumbing, and electrical systems are in design.

A Workshop of the Village Board will be held on August 18, 2022 for RC Wegman and Dewberry Architects to present the project prior to going out to bid. The Sonya Crawshaw Branch Library and the Hanoverian Estates Homeowners Association have been sent invitations to attend as well to become familiar with how the new station will integrate into the community.

Recommended Action

Consensus to move forward to next step.
