She spoke to concerns raised regarding the presence of immigration authorities in our community and whether our police department worked with the immigration authorities. It was noted that this workshop meeting is to enable Board discussion and to arrive at a consensus of how to move forward.

President Craig spoke to his original request of the CIDC committee for the drafting of a welcoming resolution and clarified the relationship between the ICE agency and our police department. He also spoke to the length of time the CIDC Committee took in the drafting of the document and clarified as to who is an ordinance developing body. He further spoke to the most current draft resolution noting that it removed the components from the ordinance that are duly enacted by State law and would be redundant to include.

Discussion ensued regarding the CIDC drafted ordinance and the updated resolution that was presented today, clarification on the comparison between actions or inactions, policy statements, procedural guidelines, inclusion in the strategic planning reviews and/or updates, and permeance associated with ordinances and/or resolutions, DEI annual employee training overview, progress status timeline and accountability.
