

Public Hearing Notice Re: Village Center Zoning

Overview:

The Village of Hanover Park is taking steps to implement our long-range vision of creating a vibrant 'downtown' area around the Metra train station. Streetscape improvements were installed last year, creating a new plaza and public spaces. To implement land use recommendations of our Comprehensive Plan and Village Center Transit-Oriented Development Plan, changes are proposed to the Zoning Ordinance. The proposed amendment to the Zoning Ordinance is significantly different than the traditional zoning districts they are replacing. These changes include the creation of new zoning districts with regulations and guidelines for future development in the Village Center area. All interested parties may attend the public hearing to learn more about the project or provide public comment. The Notice of Public Hearing is included in this mailing.

The Development Commission agenda packet, including draft zoning ordinance, will be available on the Village website, www.hpil.org. For further information, call 630-823-5780.

Quick Glance:

The following zoning districts are proposed for the Village Center:

- a) **VC-C, Village Center - Mixed-Use Core.** The VC-C zoning district is intended for use in the core of the village center, along major streets and adjacent to the station, supporting developments with a wide mix of uses.
- b) **VC-R, Village Center - Mixed Residential.** The VC-R zoning district is intended for use in areas adjacent to the village core, supporting a mix of residential housing types and mostly residential uses.
- c) **VC-N, Village Center - Neighborhood Mix.** The VC-N zoning district is intended for use in new neighborhood areas, focusing predominantly on a mix of single-family attached and detached houses.
- d) **VC-P, Village Center - Public and Institutional.** The VC-P zoning district is intended for parks, civic uses, and other institutional uses.
